WELCOME HOME

FALL PROGRAM NEWSLETTER #2

Sept. 13th 2024

Week one of the Fall season is in the books and we are off to a great start. After Saturday mornings first Biddy Soccer sessions, all our programs will have gotten underway. This is the second week of Pond Hockey and that activity has been well attended. The remaining programs all started this past week as teams were organized and schedules were finalized. On Monday, Cross Country had 15 participants take to the fields for a scenic jaunt on the trails behind KMS. Monday was also the first day of our Girls Field Hockey program and we had record numbers attend. Thirty three girls are registered making this one of our biggest programs. The numbers for our Intramural Soccer programs are just as high. The Soccer program is divided into Grades 3-4 and Grades 5-6. Both groups will have their first games this coming week, so check out the schedule on the next page. Our Grade 2-4 Flag Football program has 34 kids involved and that will allow us to have three full teams this season. Great numbers for this program. Next Thursday will be opening night as we kick off the season with three games here at the rec. That brings us to our brand new program, Biddy Field Hockey, which had it's first session last Tuesday. We had 16 young ladies learning the basics of stick work and dribbling skills. This looks like another big success with all the smiles and excitement that was going on during the practice. We hope you are able to come and see all the action that we have going on this Fall!!

Next Week's Schedule Sept. 16th-21st

- Mon. Sept. 16th:** Field Hockey, X-Country,
Gr. 5-6 Soccer Game vs Lovell
