

# CONWAY REC

# WELCOME HOME

Last week we got off to a fantastic start with the games portion of our Winter programs! Monday saw the Grade 2-3 Co-ed program hit the floor for two exciting games to begin their season. Oklahoma, which drew the doubleheader on the first day of play, battled to an overtime tie with the TCU squad in the first game and then defeated Kansas in the night cap. There was plenty of end to end action and lots of points were scored. Everybody had a smile on their face after the first round of games. These teams will do battle again next Monday. Check the schedule on page 2 for the game times.

Then the action moved to Thursday night as the Grade 4-6 Boys and Girls both started their seasons. In girls action our two Conway Teams faced off in the first game and Virginia came away with a 8 point victory over the UNC squad. That game was followed by the boys season opening games with Fresno St. taking on Air Force and Colorado hosting No. Conway. Fresno St and Air Force went back and forth all game until the very end when Air Force pulled away and held on for an 8 point victory. The final game of the night saw the newcomer to the league, No Conway, defeat Colorado with a very solid offensive and defensive display. The boys and girls will be back in action next Thursday with games here in Conway and also in Fryeburg.

Saturday marks the beginning of the Biddy Ballers game play sessions as they look to put their recently learned skills to the test! Should be a great morning of fun!!!

## Grade 4-6 Basketball games in Fryeburg!!

This is a reminder to all parents that the Conway Parks and Recreation Department does NOT provide transportation to the intramural games when they are played in Fryeburg. That means your child does not come to the Rec. after school to wait for their game time on Thursdays if their game is in Fryeburg. If you have an issue with transportation, please take the time to work out a solution prior to that day. A note to six graders as well, on game days (Thursdays) you do not come to the Rec. after school as your game times are later on those days. No matter which location you play at.

## Winter Housekeeping Info

Parents, now that the winter weather is here we are going to ask that you please help us in keeping our gym as clean and clutter free as possible. Due to the salt and sand that gets tracked in we are asking that your child wear a second pair of shoes or boots into the building, not the shoes they will be wearing for basketball. They will not be allowed onto the floor until those sneakers are dry. That gets ground in very quickly, not to mention, the floor is slippery when wet. We hope you can help us in this matter.

You have all ready seen in the first couple of pages that we are having mandatory parent meetings for all our basketball programs. This is to inform you of the goals and expectations of the staff, players, coaches and fans of the Conway Parks and Recreation Department. We want this experience to be great for all and you can't be expected to follow these guidelines unless they are given to you.

**PLEASE ATTEND!**

The 4-6 grade programs participate with the Fryeburg Recreation Department in forming the intramural program. That means that on occasion your child may have a game in Fryeburg at their gym. It is important that your child attend for the teams sake. So, if you have an issue on a particular evening with transportation, lets try and work out a way to get your child there instead of just not showing up. We are more than happy to help. We also ask that you arrive at least 20 minutes prior to the schedule game time for proper warm-up and team numbers.

The Rec. Dept. would like to thank you in advance for all your help in these matters. All these little things add up and they make a big difference in the end.

Heads up for the future, near the end of January we will be having try-outs for our 4-6 grade Carroll County basketball teams. Both the girls and boys will be able to go through the try-out event and the team will be selected based on their score in eight different categories. More information to come as we get closer.
